# Welcome

## **Welcome to Worth Recruiting**

We specialise in recruitment in the Property Industry, from jobs in Estate Agency and Lettings to positions in Property and Block Management: filling vacancies in Land and New Homes, Property Development, Surveying and Professional Services.

It's an area that we have recruited in for many years and we have developed a superb network of clients and candidates: we even place candidates in Property Marketing, Business Development, PropTech roles and roles in Financial Services and the Mortgage sector.

We will always find the time to have a conversation and look forward to speaking to you.

# About us

## **Worth recruiting specialises in head-hunting and recruitment within the property industry**

We are an independently owned company with unparalleled and insightful market knowledge of both the property and recruitment industries.

Our team have all come from the property industry and represented several of the UK's most respected property brands. We understand the value of collaborative partnerships, offering a bespoke service focused on creating and maintaining long-lasting relationships.

As such, we have the essential first-hand industry experience that allows us to provide our clients and candidates alike with effective, confidential, honest, constructive, and up to date advice. Moreover, we understand the need for a straightforward stress-free process and consequently, our focus is on advocating transparency and open dialogue.

Our recruitment consultants offer resolute support, promote diversity and inclusion, maximise performance and success, and make every effort to understand the bigger picture.

Our mission is to go that extra mile in competitive positioning by changing your perception of property recruitment, and our aim is simply to always be your first choice.

*Whether you are a potential employer, a keen candidate or self-employed and whether you work for a corporate or an independent, you will know that we understand both the journey you are undertaking, and your destination.*

# Our Clients

## **Your brand, your remit and your people**

We recognise the importance of fully understanding both your industry and your requirements; this enables us to create a strategy for finding you great people and offering insight and opinion that will assist your decision-making process.

We know that the happiest and most productive individuals are often not searching for new jobs, so we have adopted a process which allows us to identify, target and approach successful and talented people on your behalf.

Our objective is to ensure that we fill your vacancies, and focus as much on your company culture and values, as the candidate's skill, experience and attitude to guarantee the likelihood of a long-lasting placement.

We set ourselves extremely high standards and throughout the recruitment process, we are thorough, consistent, accessible, and abide by all relevant legislation.

# Testimonials

## We pride ourselves on our successes and recommendations

We don't go searching for praise, but when people take the time to give us feedback, we like to promote it.

Couldn't have asked for more! Luke took a lot of time finding out about me, where I was at currently and what kind of job would be perfect for me. Within 45 minutes I had 2 interviews booked! One of which I ended up taking the job for. Worth Recruitment go that extra mile, I even dealt with Guy on a separate matter which they didn't specialise in but he helped out regardless. I would highly recommend - If you're looking for a job, make sure you speak to these guys.

Jamie Marney at Worth Recruiting was absolutely stellar. Incredibly helpful, responsive and always friendly, and he understood very quickly the type of companies and roles that would be suited to skills and experience. By far the stand-out recruiter I dealt with during my hunt for a job during these tricky times. Thank you Jamie.

Worth Recruiting have been outstanding in finding the right people for my company. They have a clear understanding of my business and of the type of people I need to make my team work effectively. Every CV I was sent was for a candidate I was able to consider seriously and as a result, I have used the company to make several placements as I have expanded my brand. I now use Guy Hodge and his team whenever I recruit because I have recognised that their recruitment process saves me time and money.

I cannot praise the team at Worth Recruiting highly enough. We had tried to find staff through advertising on a job website and even had an advert in the office window but had very little response and we were very disappointed with the quality of people we were seeing. Guy and his team were able to source and put in front of us three very suitable candidates, all of who would potentially have been a great fit. All of the candidates had been interviewed and all lived within easy reach of the office which was a priority. Great work!

Luke at Worth Recruitment is an absolute dream to have at the other end of the phone. Not only does he help me recruit the very best staff that he knows will seamlessly fit into my team but he offers such great advice on how to aid and develop my business and as someone as a relatively new business owner, it is something I will always be grateful for. All the best Luke. Thanks again and look forward to a catch up in the coming months!
